I'm running upstairs,
Stepping on clouds
Smiling yeah
I'm smiling on the underground
Sleeping like a baby,
Giving off steam
I'm woken up
But I am still in my dream

I'm walking taller, feeling good
Feeling like I'm understood,
I'm seeing happiness through a kaleidoscope
Feel just like Spiderman
Super powers in my hand
I'm taking this city in my stride

Oh Hari Krishna boy
You got me feeling peace and love
And all that tree hugging
hippy kind of stuff
Oh Harry wont you be my man

Oh Hari Krishna guy
You make me want to touch the sky
Make me happy and I don't know why
Oh Harry wont you be my man

Cos I was running out of time,
Feeling incomplete
They're kicking off yeah
They're fighting in my street
And I just want to feel love,
Breath it all in
You know those answers
They're still blowing in the wind

I'm walking taller in the sun
I really think you are the one
On the road to somewhere
I want to spend all day
I'm thunderbirds are go
Play me on the radio

I'm taking this city in my stride

Oh Hari Krishna boy
You got me feeling peace and love

And all that tree hugging
Hippy kind of stuff
Oh Harry
Won't you be my man

Cos you give me something to believe in
And I do believe
That I love you

You give me something to achieve in
And I need to know
you know I do do want to

Harry harry harry
Etc

Oh Hari Krishna boy
You got me feeling peace and love
And all that tree hugging
Hippy kind of stuff
Oh Harry wont you be my man

Oh Hari Krishna boy
You got me feeling peace and love
And all that tree hugging
Hippy kind of stuff
Oh Harry wont you be my man
