Sitting by the water
Feeling overcrowded
I should have known
All about it

Feeling lonely
Feeling lonely

Watching everybody
Talking, walking away
Watching what could of been
Drifting away

Feeling lonely
Feeling Lonely

I feel the ice air
Coming inside of me
Finding it hard to breathe
There is a memory
That could take me where
You could be
That could make me bare
All for you to see
Feeling lonely
Feeling lonely
Feeling lonely
Feeling lonely

Does it matter
That I can't see
The weathered faces
In front of me

Does it matter
Does it matter

Feeling lonely
Feeling lonely

Does it matter

Feeling Lonely
Feeling lonely
