If you look really close there's a rip in the sky and you
Can see the universe/
Spinning round like a pin in your hand

Dip your fingers in paint/ go and skip up the street/ just
try
To lighten up some
You're living your life like you're dead and in over you
head

But checking numbers isn't how
To know how old you've grown
It's only what you want
It's only what you want

Say you want purple hair/ there's the truth now the
dare/ I think
It's such a shame that
Growing old before our time is just a way to survive
now

Stop and look at the sun/ tell me what have you done
today
That left you dreaming
Cause living life's not a goal/ it's been happening all
along the way

And checking numbers isn't how
To know how old you've grown
It's only what you want
It's only what you want

Laughter all over the world
Is doing all it can to have its secret heard
It's only what you want

It's only what you/ it's only what you want
It's only what you want/
It's only what you want
