Wont you close your eyes
just for now just for this moment
let me touch your lips
with my hands
with my eager finger tips
love, I will write a song
for you, and sing until your asleep

so let me breath in you
let me stay by you
I wont run away
when it rains
tell me all about you (feel)
I promise that I wont run away
I;ll kiss you when it rains
tonight, tonight

when night turn to dawn
I'll try not to wake you
I;ll watch you when you sleep
so content with the silence
kuz you where like a whirl pool
with parts so deep I might never know

so let me breath in you
let me stay by you
I wont, I wont run away
when it rains
tell me all about you (feel)
I promise that I wont run away
I'll kiss you when it rains
tonight, tonight , tonight

kuz you where like a whirl pool
with parts so deep I might never know
so let me breath in you
let me stay by you
I wont, I wont run away
when it rains
tell me all about you (feel)
I promise that I wont run away

I'll kiss you when it rains
tonight, tonight
