Our heads in the clouds, no clocks to keep time
it's all lingering looks and butterflies
Don't know why you can't see the diamonds in the coal
Guess we all only know when we know
but it felt like love
yeah it felt just like love
ooh it felt like love
yeah it felt just like love

take the long way back home just to keep holding
hands
wild hope plants its seeds that grow in us great plans
Don't know why you can't see the diamonds in the coal
Guess we all only know when we know

but it felt like love
yeah it felt just like love
ooh it felt like love
yeah it felt just like love
and everybody says they know how it feels
but sometimes you can't stop thinking it's real
cause innocence always tastes so sweet
and falling's never been this easy

ooh it felt like love
yeah it felt just like love
ooh it felt like love
yeah it felt just like love
oh it felt like love
oh it felt just like love
oh it felt like love
oh it felt just like love
