There was a tide pool we were going to see  
There was a morning we were waiting to greet  
and there was love still coming  
there was love still coming

We didn't know how good we had it  
we wanted a fantasy  
We didn't know how good we had it  
But now we're ready

The sun keeps shining  
though we pray for rain  
and our hearts keep beating through the pain  
and we're still hoping to find a way  
we're still hoping to be the ones to change

We didn't know how good we had it  
we wanted a fantasy  
We didn't know how good we had it  
But now we're ready  
But my hands are tied behind my back  
and my head just drags my heart around  
and I want so much to make this work  
but we've still got so much to learn

We didn't know how good we had it  
we wanted a fantasy  
We didn't know how good we had it  
But now we're ready  
We didn't know how good we had it  
But now we're ready  
We didn't know how good we had it  
We didn't know how  
good we had it  
We didn't know  
We didn't know
