It's just like me to overthink this somehow  
Or analyze it 'til I'm blue  
And let my head take over my emotions  
Ignore them like I always do  
But I'd rather be in love with you

I could take all the lessons learned from past loves  
Color my judgment with old news  
Convince myself that only fools chase rainbows  
Find some other poor excuse  
But I'd rather be in love with you

Just let it happen  
That's all I need to do  
Let my heart lead me  
And where my heart keeps leading me is straight to  
you

So if you're wondering why I'm telling you this  
Instead of holdin' back the truth  
Revealing all these feelings I've been feeling  
Hopin' that you feel them, too  
It's 'cause I'd rather be in love with you  
Yes, I'd rather be in love with you  
I'd rather be in love with you
