Something bout your lips  
Something bout your thighs  
That brings me to this conclusion baby  
Unless it's just an illusion baby  
And I'm damn near going crazy  
I can't eat  
I can't sleep without you  
My whole life revolves around you  
I refuse to live without you

Don't leave  
Don't go  
I need you so

Don't leave  
Don't go  
I need you so

Girl you shouldn't go to class today  
Cause I wanna spend a little more time with ya  
I cancel all my plans  
Just for you  
(Just for you the other day)  
Cause I'm right around your way  
(So pack your booty bag girl)  
Pack light  
(And don't forget to pack your 12 play)  
12 play  
So baby I need you to stay  
Don't leave  
Don't go  
I need you so

Don't leave  
Don't go  
I need you so

We go together like a hand and a glove  
(We're a match made in heaven, can't you tell it baby)  
Understand that you're the only girl that makes me feel  
this way  
So if there's any thoughts of you leaving me baby

(Erase them from your mind)  
Put it out your mind  
I can tell you feel the same way too  
Don't leave

Don't leave  
Don't go  
I need you so

Don't leave  
Don't go  
I need you so
