[Chorus]

Can we try to work this out
There's no need to scream and shout
Let's take this love turn it around
Cuz we've got issues

You can tell me that you love me
And make it sound so sweet
Then turn right around and cuss me
Right in the middle of the street
Now I can do my usual thang
Jump in my car and speed away
But you know I'll come running back
To you the very next day

[Chorus]Repeat

Everybody's got some problems
That'll make them have doubts
If all the neighbors call the cops on us
Let's try to straighten this thing out
They say when you go through so many things
It's just not meant to be
I just want you to happy baby
I just want you to be with me

[Chorus]Repeat 3x

Cuz when you put out something
It gives back something
You put out nothing
You gets the same
Cuz everyday we're struggling
Tryin' a keep this love from falling down
But no one is to blame

We need just a little more time
Just a little

[Repeat 3x]

[Chorus til fade]
