I am nothing, I'm just a piece of shit
My clothes are different so you can see it
The thoughts I have are not the same as yours
Those ideas don't make my a loser without force

[Chorus]

Mom and Dad created a monster The monster is me
Mom and Dad created a monster I just count up to
three
Mom and Dad created a monster Please don't look at
me
Mom and Dad created a monster The monster is me

I am nothing, I'm a beast without sense
Completely mad, out of my mind, so are my friends
The way I walk divides me from the crowd
Crowd full of hypocrites, don't know what they are
about
I am nothing, because I don't wear a suit
But if that's what you like, than you should
It's more fun to feel fine yourself
Than do things just to please somebody else

Mom and Dad created a monster, the monster is me
