Sheena brought me to heaven
Pet Semetary brought me to hell
Mostly it took only two minutes
But I remember those minutes well

Rockaway beach made me a star
I've quit the rock 'n roll highschool
The KKK took my baby away
But they didn't know she was too tough to die

One, two, three, four
This is an ode to the Ramones
Hey, ho DON'T go!
Ramones made me to leave home
I took a rocket to Russia
They gave me some psycho therapy
I thought it was the end of the century

One, two, three, four
This is an ode to the Ramones
Hey, ho DON'T go!
More than twenty years
of pure punkrock 'n roll
No fashion could ever blow them away
Deep respect that's what I have
Rock 'n roll is dead without the Ramones
