I'm walking slowly  
Down a road I've never been before  
And the only  
Light I see is shining on a door  
That leads to a world inside my heart, my heart, my  
heart  
I'm off to a brand new start

Every step I'm taking, taking, taking's  
Telling me I'm making my own history  
I just had to believe  
Every rule I'm breaking, breaking, breaking's  
Taking me to where I always wanted to be  
It's what matters to me

So I'm gonna live my life  
I'm gonna do what's right  
I'm gonna live my life for me

I never wanted  
More than to feel fire in my bones  
It can be restless  
But there are some things out of my control

I try to listen to my heart, my heart, my heart  
I'm off to a brand new start

Every step I'm taking, taking, taking's  
Telling me I'm making my own history  
I just had to believe  
Every rule I'm breaking, breaking, breaking's  
Taking me to where I always wanted to be  
It's what matters to me

So I'm gonna live my life  
I'm gonna do what's right  
I'm gonna live my life for me

I don't need help  
(I need nobody else)  
I'm gonna be myself  
(I need nobody else)

I'm gonna live my life for me
