I'll find my feet
Exactly where I left them
When you took them from me
And pushed me away

But I'm still standing
Even though my knees are weak
I'm a brave new soul
I have something to say

[Chorus]
Bombs away! Bombs away!
I finally found a reason
To give it up and walk away
Bombs away! Bombs away!
Call it giving up or growing up
But in the end it'll all be okay

It all comes down
To pros and cons
And on and on again
All I've found is
There's more bad than good

It's hard to be an optimist
When it hurts to reminisce
That's why I'm looking towards
The future for
A better today than this

[Chorus]

They are not stars
They are bright and hopeful galaxies
That don't seem so far
When I know that love exists
Cause I think too hard
When it's crystal clear in front of me
That I can do so much better than this

She had me wrapped around her finger

Yeah, everything about her was unravelling
and falling apart
Yeah, I finally got untangled
And escaped from all the angles
And I'm letting you know
I'm letting you go

[Chorus]

Bombs away!
Yeah, I finally found a reason
To give it up and walk away
Bombs away! Bombs away!
Call it giving up or growing up
But in the end it'll all be okay
