Here I am, wide awake  
You're so many miles away  
There you are  
Eyes close tight behind your door

There's this thing, gravity,  
Yeah, it keeps me on my feet  
Oh, how I wish I could let it go,  
And leave the floor

[Chorus]  
And I go all out  
And I can't take it any longer  
Cause I have my doubts  
That I won't make it very far  
And you have my heart  
Somewhere in California  
So I'll go to where you are

I've got a plan  
To be your man  
But it's hiding beneath the floorboards  
And it's time to make its way into the light

So can't you see  
It's up to me  
To point it in the right direction  
And let it take immediate action  
As it swiftly springs to life

[Chorus]

I know the future isn't far  
From flashing lights and passing cars  
Oh, in due time the universe  
And planet earth will be ours

When you are far away  
And I need to be put at ease  
I just look underneath the floorboards  
And not debris

Because there's hope in my heart  
And there's light in the darkest places  
I can smile and say "Goodbye" to gravity

[Chorus]

So I'll go to where are
