I try to wipe the worry off my face
Hide the tears so they fall without a trace
How am I supposed to know if you're staying with me
because you're sure

"Unavoidable" is what they say
In the end do all things have to fade?
How am I supposed to know if you're staying with me
because you're sure

Before now I was fine not knowing the outcome of all
this
People say "why mess with a good thing?"
But it's not good enough unless you're sure

When you fall asleep inside me arms
I could stay forever in that warmth
How am I supposed to know if you're staying with me
because you're sure

I hesitate asking you for an answer
I wouldn't know what to say
And I know this really shouldn't matter
I couldn't bear it anyway unless you're sure
Unless you're sure
Unless you're sure
