"Look To Him"

I know the Bible says
When You've done all you can to stand just stand
and I know it's hard sometimes
to look through those tear stained eyes
and still see the scars in those hands
but just you keep this in mind, when hope seems so
hard to find
surely you've not reached the end
when the whole world has let you down
Jesus can still be found
When you've tried it all
Look to Him

Look to Him, for He only
when sorrow makes lonely
and the day and the night close in
He can vanish the midnight
and He'll call back your sunlight
How will it end
Look to Him
Now I know that questions can
Lord they can seem so hard to understand but then
But I know someone who knows it all
His eyes see even that little sparrow fall
Yet He can hold back the sea with just one hand
He's so big He rides on the wind that blows
Yet in your heart the only one that knows
the heartache and all the trouble you're in
When life seems everything but good
Remember Him cause He's the only one that could
If you'd only dare
Look to Him

(repeat chorus)
