Welcome to the world little c\*nt  
Itâ€™s just to start you breathing little c\*nt  
Wipe that look of wonder off your face  
You wonâ€™t believe whatâ€™s waiting... for you

Your purity disgusts us  
Your purity disgusts us  
Your purity disgusts us  
And it ends... now!

This first lesson at school is, "SHUT THE F\*CK  
UP"  
The second lesson is donâ€™t ever be too clever  
The third lesson is how to hide yourself  
The last lesson is all about compass art

Born, Brutalised, Bought then Buried  
Born, Brutalised, Bought then Buried x2

At last free from forced education, little c\*nt  
Inked up and ready to live your life  
Nervous first day at work, time flies by,  
smiles on payday just earn the cash to fund your  
dreams  
- - - years flash by - - - your whole life drains away - -  
- you sold yourself off piece by piece  
and no matter how hard you work - - -  
thereâ€™s never ever gonna be quite enough

until youâ€™re spat out... knackered...  
they bought almost all your life from you  
and now they reject the little thatâ€™s left  
and whatâ€™ve you got to show for yourself?

Born, Brutalised, Bought then Buried  
Born, Brutalised, Bought then Buried x2

and now youâ€™re a burden  
they donâ€™t need to say, you know  
they all want you dead and over and gone  
a world full of technology you canâ€™t understand  
then you have a little fall so they force you to a

home

to be looked after... to be force fed cold stale food...

to be mocked patronised and abused at bathtime

they want you dead and you want you dead you wait

for it to come you pray everynight please please take

me take me take me away from this please whatever

happens just take me away... (repeat chorus)
