History Of Guns
"It's Easy (To Go Blind)"

1. It's easy to go blind
When i don't see through another's eyes
It's easy to go blind
It's a reason to be left behind
It's easy to go blind
Reconnected to, concluded in mind.
Who we cut today, I'm gonna bleed anyway.

2. It's easy to go deaf
In a world where we can't be left
It's easy to go deaf
Cos i don't hear through another's ears
It's easy to go deaf
It's easy to go blind
Cos i don't see through another's eyes
It's easy to go deaf
It's easy to go blind
Cos there's no reason to go blind
It's easy to go blind
RECONNECTED. CONCLUDED IN MIND

Who we cut today
I'm gonna bleed anyway
Now who we cut today
Sat there in silence
With another... just to say...
GO BLEED IN SILENCE
GO BLEED IN SILENCE
GO BLEED IN SILENCE
GO BLEED IN SILENCE

3. Who cut me today?
I'm gonna bleed anyway
Who cut me today?
I'm gonna bleed anyway
Now who cut me today?
Sat in silence
With nothing to say
Now who cut me today?
I'm gonna bleed anyway
Now who cut me today?
I'm gonna bleed anyway

Now who cut me today?
Sat in silence
With nothing to say
We step off centre
To find the centre of mind
