Hey little creature, pleasure to meet ya  
I bet you've never met a freak like me  
Yeah, i'm the outcast, the one you want best  
Could I be just another casualty

How can I be someone, someday

Look at all the beautiful people  
being all that i'll never be  
I'll take it all I can take  
but the world is no place for somebody like...me  
like me

Hey cinderella, where are your fellas  
They only come when they \*missing lyrics\* for free  
And when they get some, do you feel so dumb  
Now that you're just another freak like me

How can I be someone, someday

Look at all the beautiful people  
being all that i'll never be  
I'll take it all I can take  
but the world is no place for somebody like...me

I'm gonna wait for the lie  
I'll let it shine, shine in my eyes  
Cause it's me, myself, and no one  
(not sure about this part)

Take me away!

Look at all the beautiful people  
being all that i'll never be  
I'll take it all I can take  
but the world is no place for somebody like me

It's no place for somebody like

Hey cinderella i'm feeling better  
You're never gonna see my face again
