Up in my room alone  
I get to thinking  
My head is always getting in the way  
If everyday's the same where are you, future?  
My days are open come on out to play  
Come on!

I'm walking to nowhere  
Looking at the stars above my head  
I want to be somewhere  
Somewhere I belong  
Before I'm dead  
And I'm not there yet

Under the city lights  
A fire's burning  
It's up to me make it out alive  
Don't need no fairytales  
No happy endings  
Forever after is a waste of time

Come on!

I'm walking to nowhere

Looking at the stars above my head  
I want to be somewhere  
Somewhere I belong  
Before I'm dead  
And I'm not there yet

Pack up my suitcase  
Crawl out the window  
I've got to get away  
From everything that I know  
And I'm spinning 'round my head  
But I'm still not there just yet

I'm walking to nowhere  
Looking at the stars above my head  
I want to be somewhere  
Somewhere I belong

Before I'm dead  
And I'm not there yet

I'm not there yet  
I'm not there yet  
I'm not there  
yet
