There's a girl I never knew
On Olive avenue
Who sells herself away
I saw her walking by
With the black around her eye
And the tears still on her face
What a shame

One day you'll see
What goes around comes around
One day you'll see
Nothing's gonna hold you down

And the kid who lost it all
Is waiting for the call
To take the pain away
But the point he never missed
Is pressed against his wrist
And who are we to blame
What a shame

One day you'll see

What goes around comes around
One day you'll see
Nothing's gonna hold you down

Life is just a symbol as it's supposed to be
Make me closer to you
Bring me closer to me
Make me closer to you
Bring me closer to me

I lost myself today before
The snow could melt away
There's got to be a better place
Somewhere away from here

One day you'll see
What goes around comes around
One day you'll see
Nothing's gonna hold you down

Nothing's gonna hold you down
What goes around comes around
