You are the one that I want
No other fish in the sea
But when I shut my eyes
I realise you've got your hook in me
You've got my heart in your hands
And now you're killing me slow
'Cause everytime I try to say goodbye
You sink me like a stone

Somewhere far beyond the rainbow
You're the fallen angel calling me closer
I tried walking on the water
Drowned before I got there
Never to hold you
Still I feel your heartbeat taking me over
Your love is taking me over

I like the way that it sounds
When you've got nothing to say
And when the words are wrong
I'll sing along when the music plays

I've got my back to your blade
So do what you've got to do
It's just the price to pay
For a guy like me to love a girl like you

Somewhere far beyond the rainbow
You're the fallen angel calling me closer
I tried walking on the water
Drowned before I got there
Never to hold you
Still I feel your heartbeat taking me

Ohhh why don't you say
Why don't you say, sorry to me
Ohhh why don't you say, why don't you say
Sorry to me
Sorry
Sorry
Sorr-

Somewhere far beyond the rainbow
You're the fallen angel calling me closer
I tried walking on the water
Drowned before I got there
Never to hold you
Still I feel your heartbeat taking me over
Still I feel your heartbeat taking me over

Your love is taking me over
Over and over and over
Your love is taking me over
