"Flying Without Wings"

Visit "[Flying Without Wings](#)" on MotoLyrics.com

I want wings to
To fly away to safety (fly away to safety)
All the things that have
Gone wrong are pulling me down
I want wings to
To fly away to safety (fly away to safety)
Before I fall and
Crash and burn

Like a fool
I believed it was all okay
But now I know that's not
The case anymore

I'm flying without wings
My arms are getting weak
I'm about to fall
Someone come and catch me
Before my head hit's the ground
I'm flying without wings

I've got to protect this
Fragile heart of mine
I ain't going to let anyone break it
Once again (never again, never again)
I'm going to stand my ground

I'm going to be strong

I will not be defeated again
I will not be broken again
I'm stronger than before and
I've got the strength to get
Through every stormy night

I'm flying without wings
My arms are getting weak
I'm about to fall
Someone come and catch me
Before my head hit's the ground
I'm flying without wings

Ooh yeah!
I've come this far (there's no turning back)
It's been a while since
I last felt broken and afraid
I'm now happier than
I have ever been before
This feels so good
I like it like this
