abused left for dead  
broken down and left to bleed out

my heart is open at the seams  
and everybody else can see all my insides  
im clicking my tongue  
hopelessly waiting for someone to come around and  
breathe new life into me  
so then that i might survive and live on  
to see another day  
my heart is open at the seams  
im feeling so very lonely  
without a friend to hold me  
and tell me that its not the end of the world  
that everythings gonna be okay

i got to be strong even through the storms  
i got to keep holding on i cant give in  
no i wont give up  
no i wont give in  
i wont give up  
i wont give in  
wont give up  
wont give in  
wont give in

gotta keep fighting this fight  
until i see the sun shining again  
then i will be stronger then now  
and ill be able to fight this fight called 'life'

my heart is open at the seams  
and everybody else can see all my insides  
im clicking my tongue  
hopelessly waiting for someone to come around and  
breathe new life into me  
so then that i might survive and live on  
to see another day  
my heart is open at the seams  
im feeling so very lonely  
without a friend to hold me  
and tell me that its not the end of the world

that everythings gonna be okay

theres just so much more that i could say  
so much that i could say  
but no words could ever express  
how it is that i feel inside

my heart is open at the seams  
and everybody else can see all my insides  
im clicking my tongue  
hopelessly waiting for someone to come around and  
breathe new life into me  
so then that i might survive and live on  
to see another day  
my heart is open at the seams  
im feeling so very lonely  
without a friend to hold me  
and tell me that its not the end of the world  
that everythings gonna be okay

my heart is open at the seams  
and im bleeding out  
my heart is open at the seams  
and im dieing the pain is slowly killing  
my heart is open at the seams  
and im screaming crying out loud  
my cries my voice goes unheard  
and now im fading out

what was once bright the light has now  
faded out  
im fading out in the distance and my voice  
it echoes in the dark but you cant see me anymore

what was once was supposed to be perfect  
i have now begun to see  
that nothings perfect nothings perfect  
not you and not me  
nothing is ever as it seems no no

my heart is open at the seams  
and everybody else can see all my insides  
im clicking my tongue  
hopelessly waiting for someone to come around and  
breathe new life into me  
so then that i might survive and live on  
to see another day  
my heart is open at the seams  
im feeling so very lonely  
without a friend to hold me  
and tell me that its not the end of the world

that everythings gonna be okay

my heart is open at the seams  
and im bleeding out  
my heart is open at the seams  
and im dieing the pain is slowly killing  
my heart is open at the seams  
and im screaming crying out loud  
my cries my voice goes unheard  
and now im fading out

my heart is open at the seams  
and im bleeding out  
my heart is open at the seams  
and im dieing the pain is slowly killing  
my heart is open at the seams  
and im screaming crying out loud  
my cries my voice goes unheard  
and now im fading out
