I have never met anyone as beautiful as you before
I have never met anyone as incredible and as amazing
as you before

But now that I have you
I feel like I'm on a natural high
I feel like I'm flying high
I feel like I'm flying high
And I feel so happy
This feels so good
I feel like I'm flying high
I feel like I'm flying high
I feel like I'm flying high

When I look into your eyes I see beauty
And when these days get long and hard
When the road gets a little bit rough
You are always there holding my hand
And guiding me through

I never ever felt as blessed as I do now
But ever since you came along
My life has never been the same
And right here in your loving arms is where I belong

But now that I have you
I feel like I'm on a natural high
I feel like I'm flying high
I feel like I'm flying high
And I feel so happy
This feels so good
I feel like I'm flying high
I feel like I'm flying high
I feel like I'm flying high

There is no place that I want to be
Been right here with you
This is how it's meant to be
Let no one ever steal our hearts away
Cause baby we belong together
We belong together

I have never felt so happy baby as I do right now and
I have never felt as good as I do now and it's
because of you

But now that I have you
I feel like I'm on a natural high
I feel like I'm flying high
I feel like I'm flying high
And I feel so happy
This feels so good
I feel like I'm flying high
I feel like I'm flying high
I feel like I'm flying high

But now that I have you
I feel like I'm on a natural high
I feel like I'm flying high
I feel like I'm flying high
And I feel so happy
This feels so good
I feel like I'm flying high
I feel like I'm flying high
I feel like I'm flying high

I can't even begin to find the words to say
That would express just how I feel deep inside about
you
I'm running out of things to say to you
I'm speechless every time I see your face
You take my breath away

But now that I have you
I feel like I'm on a natural high
I feel like I'm flying high
I feel like I'm flying high
And I feel so happy
This feels so good
I feel like I'm flying high
I feel like I'm flying high
I feel like I'm flying high
