deep here in my heart i feel the love  
flowing through  
deep here in my heart i feel the joy  
i feel so ecstatic  
never felt like this before  
never been loved by anyone  
as much as you love me

and baby i would run a million miles  
id do anything to make this last forever  
i would hold you in my arms  
dry eyes eyes and  
wipe away ever tear that you cry  
id do anything just to hear you say  
'i love you'-i love you too baby,more  
then you could ever imagine'  
id do anything just to be with you  
all the days of the rest of my life  
id do anything,id do anything,i do anything

here we are together closer then b4  
i know that we've come so far  
just to get where we are today  
we've lasted so long and now  
this is our chance to shine

and baby i would run a million miles  
id do anything to make this last forever  
i would hold you in my arms  
dry eyes eyes and  
wipe away ever tear that you cry  
id do anything just to hear you say  
'i love you'-i love you too baby,more  
then you could ever imagine'  
id do anything just to be with you  
all the days of the rest of my life  
id do anything,id do anything,i do anything
