i cant quite put my finger on it
cant quite figure out
what the hell i was thinking
when i let you into my life

you took me by the hand
you took me by my heart
you took me for granted and now
im the one with the losing hand
the one with the losing hand
my life has dealt me my cards
forever on my lips i sing this song of
how you wasted it all away
you took me by surprise
wasnt really expecting id get burned by you
and now im the one with the losing hand
the one with the losing hand
the one with the losing hand

now 7 years have passed since
it went all wrong
was i really that bad?
did i disappoint you?
tell me what i did wrong
and know im truely sorry

you took me by the hand
you took me by my heart
you took me for granted and now
im the one with the losing hand
the one with the losing hand
my life has dealt me my cards
forever on my lips i sing this song of
how you wasted it all away
you took me by surprise
wasnt really expecting id get burned by you
and now im the one with the losing hand
the one with the losing hand
the one with the losing hand
