how could you do this to me?
you thought i wouldnt find out
about all those other girls
but you were wrong
you were wrong
youre so busted! and
now that were through its over

how could you do this to me?
what we had has been lost
how could you be so selfish
to only think of yourself
and leave me waiting in the cold
in the pouring rain

tragedies like this hurt so bad
when loves so hard to find
tragedies like this hurts like hell
hurts like hell
hurts like hell
hurts like hell
hurts like hell
when all you had has fallen apart
and youre left to pick up the pieces
of your torn and broken heart
tragedies like this
tragedies like this

i shouldbe never trusted you
how could i be so blind
never shouldve happened at all
but thats life and i guess
i should move on leave you and the past behind

cause you never really even loved me at all
no no you had me
like a puppet at the end of a string
you were messing and playing with my heart
i fell for it everytime

now ive been burned by these flames
forever burning in my heart

and my soul is crying out
and now im torn

tragedies like this hurt so bad
when loves so hard to find
tragedies like this hurts like hell
hurts like hell
hurts like hell
hurts like hell
hurts like hell
when all you had has fallen apart
and youre left to pick up the pieces
of your torn and broken heart

when all you had has fallen apart
and youre left to pick up the pieces
of your torn and broken heart
tragedies like this
tragedies like this

you cut me down and made me cry
you left my heart wide open at the seams
and you left my heart to bleed
and now im so stupid for ever believing
that you could be the one
maybe i was naive for believing
that you were the one for me
all along

all along so deceiving
all along so misleading
i underestimated never saw your true intentions
and now im left with these scars upon my heart

all along so manipulated

you manipulated me and every circumstances
you manipulated but no never again
no no no
never again
never again

tragedies like this hurt so bad

have dug yourself a deep hole
but im breaking free from you
