i am laying here naked on the floor
and everybody just stares at me
i lay here drowning in all my sorrows
but nobody hears me now

if i could have just one wish
that would be for all the pain to be swept away
and for love to overflow
love to overflow
if i could mount up wings like eagles
and fly away
cause i just dont belong here anymore
if i could have wings like eagles
then maybe just maybe
everything will be okay

there is nothing else left here for me no no no
and what remains what is real
ive got to hold on
cant give in

i know that i got to hand on
cant let go
cant let my dreams just fade away
no no no

if i could have just one wish
that would be for all the pain to be swept away
and for love to overflow
love to overflow
if i could mount up wings like eagles
and fly away
cause i just dont belong here anymore
if i could have wings like eagles
then maybe just maybe
everything will be okay

i go out in the morning and then at night
when i turn the key and walk in the front door
i drop my coat to the floor
and climb into bed

my head hits the pilliow
im so tired now
and so i go into a deep sleep
way underground

if i could have just one wish
that would be for all the pain to be swept away
and for love to overflow
love to overflow
if i could mount up wings like eagles
and fly away
cause i just dont belong here anymore
if i could have wings like eagles
then maybe just maybe
everything will be okay
