Nigga ride through ya projects eager to shoot
Listen Yay is diabolical
My soldiers'll body you
Creep through ya hood with a big dirty nine
Shoot you in ya spine
Have you do the Dirty Whine
Shoot one of them, shoot two of them, shoot three of them
Two of 'em is dead
The other is a vegetable on a respirator
Shot him in the eye through his Gucci Aviators
Now you can't see, you dumb, deaf and blind
My shorty let off the Mac I let off the Nine
