Shake your thing like you're grown up

If you're still shaking like you're grown up

Now get your ass up in this escalade,

..last week told grow up man,
30 something mirror oh nigga with brain

and the new dude wag, get your ass some waves,
time to get blow, nigga pass the hase
time to get blow, homie pass your day,
now bounce, you aint tryin to shake
the move, bitch get about the way
make room for those who's tryin to pay
but watch where you're walking you almost got my

now wipe me down mama, get up on the ground,
the world about drama, my nigga about the pound,
