Hot Stylz Feat. T-Pain - Assume The Position

** needs correcting in some parts with question marks?

Baby turn around, (round, round)
Spread them legs wide, (wide, wide)
Put your hands behind your head, (head, head)
It will be a long night,
Assume the position, (eh)
Assume the position, (eh)
Assume the position, (eh)
Assume the position, (eh)

Hey, I make them assume the position,
Something like a cop do,
But I'm not an officer,
I would never snitch on you,
But I'd put my lips on you,
Get physical by kissing you,
From here, for the job baby,
We can skip the interview,
There's something bout the way you got me staring
when you naked,
You so sexy and I want you,
I can't t-t-take it,
Got me stuttering, (yeah)
Let me be your man, (man)
Can't nobody do it like I can,
So do you like it missionary,
Or from the back,
Or maybe you can be on top,
I like it like that,
I want to sex you up like colour me bad,
While I give that thing a smack, smack, smack,

Baby turn around, (round, round)
Spread them legs wide, (wide, wide)
Put your hands behind your head, (head, head)
It will be a long night,
Assume the position, (eh)
Assume the position, (eh)

Assume the position, (eh)
Assume the position, (eh)

Yeaaah,
Look Put me under her breast,
Uh, I mean under arrest,
Matter of fact I play the police,
You be the defendant,
Whoever said the crowd don't pay,
Ain't never been with me man,
So locked up you'll remain, yourself,
Assume the right position,
Assume there's no competition,
Guilty to proven innocence,
Like me to be your premature,
You fighting me to lift your grimace? seductively,
Touching me back as I'm touching you softly,
Now for some coffee,

Baby turn around, (round, round)
Spread them legs wide, (wide, wide)
Put your hands behind your head, (head, head)
It will be a long night,
Assume the position, (eh)
Assume the position, (eh)
Assume the position, (eh)
Assume the position, (eh)

Hey, hey, now watch me lay you down,
Ladies can pay attention,
Now we in it from the back, just missionary position,
My mission is to efficient?,
By making you come,
Back to back in the kitchen,
I'm getting you sprung,
I'm making you glisten?,
The kiddies having thunderstorms,
I'm getting you hot,
Show me the grease above the norm,
Then I'll fly that from the side,
And then to the front,
Girl I know that's how you like it,
There's no need to stun?,

Baby turn around, (round, round)
Spread them legs wide, (wide, wide)
Put your hands behind your head, (head, head)
It will be a long night,
Assume the position, (eh)
Assume the position, (eh)
Assume the position, (eh)

Assume the position, (eh)
