It's all in the eyes of the dreamer
It's all in the eyes of the man
It's all the things that you've done in life
And all the things that you've planned
Can the world be as sad as it seems?
Where are man's hopes?
Where are man's dreams?
In the eyes of the dreamer
They're in the eyes of the man

All the songs have been sung
And all the saints have been hung
The wars and cries have all been wailed
And all the people have been jailed
The world it's yours my friend
It's yours to begin or to end
In the eyes of the dreamer
It's in the eyes of the man

Take nothing from nothing brother
And it's all just the same
For the loser is the winner
And there ain't no gain
Just the end of the game
The moment is ever constant in the mind
Everywhere I look, the blind lead the blind
Here's your chance to step out of time
There a in't no reason and there ain't no rhyme

Cause the trouble you bring is the trouble you bring
And a thing is a thing is a thing just a thing
In the eyes of the dreamer
It's in the eyes of the man

It's all in the eyes of the dreamer
It's all in the eyes of the man
It's all the things that you've done in life
And all of those things that you've got planned
Can the world be as sad as it seems?
Where are man's hopes?
Where are man's dreams?
They're in the eyes of the dreamer

They're in the eyes of the man
And you are the man
