All these nights alone  
Without your hand to hold  
You still feel so close  
Almost like a ghost  
And I see you  
And I miss you

Every little sigh  
The taste of the tears you cried  
The way you held my face  
Your strength, your fears, your grace  
The things that you believed  
I remember everything  
Your face, your skin, your eyes  
I've got you memorized

I just can't forget  
The linger of your scent  
Sweet and innocent  
Just like a baby's breath  
I still feel you  
And I hear you

Every little sigh  
The taste of the tears you cried  
The way you held my face  
Your strength, your fears, your grace  
The things that you believed  
I remember everything  
Your face, your skin, your eyes  
I've got you memorized

Every little sigh  
The taste of the tears you cried  
The way you held my face  
Your strength, your fears, your grace

You will always be  
The only one for me  
I'll never let you go  
Deep in my heart I know  
You are the only one

My earth,my moon,my sun

Every little sigh  
The sound of your goodbye  
I got you memorized
