Another same old same old Friday night  
What a surprise dinner and a movie  
Gotta believe there's more to life  
I'm looking for a man, looking for a man  
Looking for a man to move me

I want to go swimming in an icy creek  
Make sand angels on the beach  
Shoot cans with a BB gun  
Go hang gliding and bungee jump  
Swing around on the monkey bars  
Come on guys it ain't all that hard  
I'm stuck in a dull routine  
Lookin' for a man to move me

If you want to get to me  
Just give my world a spin  
I'm not that hard to please  
Take my heart somewhere it's never been  
I want to steal a kiss at the top of the ferris wheel  
Count the stars while we're lying in a grassy field  
Eat blackberries off the vine  
Make mud pies and fly a kite  
Catch fireflies in a mason jar  
Come on guys it ain't all that hard  
I'm stuck in a dull routine  
Looking for a man to move me

Another same old same old Friday night  
What a surprise dinner and a movie  
Gotta believe there's more to life  
I'm looking for a man, looking for a man  
Looking for a man to move me
