I was in the street the rest of cane
Say my name or say whatever baby, uhu
I was on the rest of ... shine, uhu
Say the one that s meant for me to keep
Have you ever wondered where I used to hide your
cane
Either say the one that was hold your body
Have you ever had yourself on a secret more than...
If you ever had you suffer on one time
Have you ever messed around, chipping in yourself
Have you ever let a girl go look all in your face

Say my name, or say whatever, say, uhu
I was in the street the rest of cane
Saying now you re lasting on your name, uhu
I listen to ... a while, say my name, uhu
Say my name the rest will follow straight
When you say my name, when you say my name
When you say my name, ehey, when you say my name,
ehey
Ehey, ehey, ehey, ehey, ehey, ehey, ehey
One afternoon, one after noon, one afternoon
One afternoon, one after noon, one afternoon.
