Don't know what I want, Don't know what I need  
Don't know who I am, Don't know who I'll be  
A simple shame indeed and in my sound track  
But it's a shame that gives my days the shame of  
having pride  
Cast a pall all over my days since you passed away  
Choose to say you left me in a state I can't escape  
'Til you're back I know I'll never, ever, be the same  
Choose to say I love you and no I'll never ever be the  
same  
I'm gonna have my way babe I (I think that I need you)  
You get enough of my way and the way that (I need  
you)  
I can't wait for you while I live my lifetime  
Picture it as the same place as do without my boo  
(Life goes on and I'll forget all the things said about  
you)  
You hate me (and I need you)  
You breathe deep (and I'll be true)  
You lie to me (That's just what you do)  
Who said that I deserve that... I turn your mouth away  
Always in my way (I was in your way boy)  
Mmm the saint of the day? (I wasn't your saint)

Who will have my way now? (I can't go on with ya, oh)  
World I need you, Won't be without you  
(You will say it'll never happen even after you tried to)  
Ain't nobodies different, You know just what you're  
missing  
(I don't know what you do to me) that's not the same as  
having my way again  
World I need you, Won't be without you  
(You will say it'll never happen even after you tried to)  
Ain't nobodies different, You know just what you're  
missing.  
I don't know what you do to me (that's not the same as  
having my way again  
World I need you  
Did you love him  
Did you love him  
Did you love him

like no other did boy?  
Did you love him  
Did you love him  
Did you love him  
Like no other did boy?  
Will you love me like no other did boy.
