I can see  
The things she does for me  
I'm living in a treehouse

I live in constant fear  
Awakening must be near  
I'm sleeping in a dreamhouse  
Up in a tree

I'm tired of the fork in the road  
It's pointing to Heaven  
But the sky is old  
I'm tired of the fork in the road  
It's pointing at nothing  
'Cause it's all been sold

I live with you  
To die in jamais vu  
I love you  
But this isn't true

I'm tired of the fork in the road  
It's pointing to Heaven  
But the sky is old  
I'm tired of the fork in the road  
It's pointing at nothing  
'Cause it's all been sold

I can see  
The things she does for me  
I'm living in a treehouse

I live in constant fear  
Awakening must be near  
Sleeping in a dreamhouse

Waiting for the end
