You're like a moving star
I can't get close enough to you
Been months I got your call
Our falling out we slipped right into
You were an ace for me
My crazy heart got hold of you
Your hand called every bluff
I had to fold and let it go

Since I saw you last
I've been holding back
I figured I should do just that
I thought I'd crack but I smiled instead
I'll let you read the fine print

I walk a line between
The thoughts of now
And where I've been
Today the grass is green
I've got it all, so why reminisce
I'm just a mermaid
Who is not content with waveless oceans
Sometimes a gusty wind
Is what I need to feel again

Since I saw you last
I've been holding back
I figured I should do just that
I thought I'd crack but I smiled instead
I'll let you read the fine print

Read between the lines
For what got left behind
But I can't say I hold it down
The weight of seeing you now

I've been holding back x5
I thought I'd crack... I thought
I've been hold...
I thought I'd crack but I smile instead
I'll let you read the fine print

Since I saw you last
I've been holding back
I figured I should do just that
I thought I'd crack but I smiled instead
I'll let you read the fine print
