All the spoils of wasted youth.  
Drown in a sea of misery.  
And I can't hold onto you.  
Because our lives go by so fast.

She said, "My love, just don't let go."

We're made of ancient fallen stars.  
Into the sea I will return.  
As long as I know that I'm with you.  
I know I'm not afraid to die.

And in my mind I'm all of you.  
So let's be perfect, just tonight.  
Don't mind the vampires my love.  
My princess is in another castle.

I'm a slave to childhood bliss.  
All those wasted afternoons.  
I know it's always been Miss Blue.  
Although it wasn't meant to be.

I made a wish upon a star.  
Into the sea I will return.  
As long as I know that I'm with you.  
I know I'm not afraid to love.

And in my mind I'm all of you.  
So let's be perfect, just tonight.  
Don't mind the vampires my love.  
My princess is in another castle.

I flew too close to the sun on wings of wax.  
And now I wish I had another chance.  
To live.  
To love with you.

I am the Icarus.

And in my mind I'm all of you.  
So let's be perfect, just tonight.

Don't mind the vampires my love.  
My princess is in another castle.
