What is it now?

You just want to pick a fight

Is something on your mind?

Baby, we can make it right

Iâ€™m sorry I lied but you wouldnâ€™t understand it

I didnâ€™t really plan it

Oh my, my, I really did it this time

I was at the wrong place at the wrong time

I shouldâ€™ve left before that last glass of wine

Wish I hadnâ€™t done it, it didnâ€™t mean a thing

Please believe I made a mistake

Answer the door

I know youâ€™re there, just open up

Iâ€™ll wait out in the hall

Iâ€™ll stay until morning comes

I said Iâ€™m sorry I lied but you wouldnâ€™t understand it

I didnâ€™t really plan it

Oh my, my, I canâ€™t lose you this time
