

Nadia Ali "Something To Use"

Visit "[Something To Use](#)" on MotoLyrics.com

Nadia:

My heels are high and I'm thinking about taking a walk
I'm thinking here is only dragging me down
I'm not afraid, I'm gonna take you on
Get a taste of your medicine now

Cause this place
Is so cold
I can't stay
Under your hold.

Anybody knows when, you use me,
You'll lose me
You're Never gonna learn till,
You lose me, you lose me

Do I look to you
Like something to lose?
Or am I to you only
Someone to use?

Rosko:
My arms are tired and thinking about putting you down
You're expensive, that's how princesses are
It's so strange, do I not give you enough?
Taste a life without me around.

You've changed
From your heels to your soul
Who's using who?
Don't trip on your way home!

Nadia:
Anybody knows when, you use me,
You'll lose me
You're Never gonna learn till,
You lose me, you lose me

Do I look to you
Like something to lose?
Or am I to you only
Someone to use?

You dream like a king
But your pride is a fool
I'm not the one whose ego
Is so easily bruised

Rosko:
You say you are too strong
To be used, looking like a victim
At me the accused

Nadia:
But wait, I didn't want it this way

Rosko:
But you're making me wrong
And it's not about blame.
