It's another one of Coco's songs yes,
And we're 'bout to get down
We're the hottest in the world right now
Just touched down in kentish town

Like a balloon, she'll fly
A weightless character
Up, up away, so high
No elevating barrier

She never, she never, she never said goodbye
The wind that carried her home
Like a coward, she ran
From the Chinese takeaway
High heels in one hand
As she dashed the tray away

Bon appetite
Was Greek you see
To a girl like she
To a girl like...

2B 2D or not 2B
All I know is that I want ya
And if you stay, I'll never leave ya
[x2]

Like a balloon she'll fly
As a balloon she'll fly
Like a balloon she'll fly
The wind that carried her home
[x2]

You need to come by me
Fill your belly
You need to eat
And I like to feed
Look in the pot, you say you're not hungry
You never try my rice and peas

Come by me

Pull on the weed
Munch like a champion
Drink some sweet tea
We'll both feel happy, fresh, and healthy
That's how a girl should be

2B 2D or not 2B
All I know is that I want ya
And if you stay, I'll never leave ya
[x5]
