My eyes don't miss a thing
I band your heart to my chest like a wedding ring
I keep one eye open when I'm sleeping
My pulse is beating and living

When they smashed that bottle to christen that ship
Well the ship was mine, that they had cracked the whip
But the winds were strong, captain lost his grip
The boat capsized and the sailors slipped

I'm gonna swim down
To find the shipwreck's crown
And with the glory of my palms and pride in my veins
Here on the water, can't hear the sirens

I'm gonna swim down
To find Atlantis Found
And with the story and my charm and the world under
wave, I could stay
Or I could just kiss you, or I could just kiss you

I'm gonna seize the hour before the sun is small
Dive into the water off a high sea wall
I'm going in stones so they will break my fall
Sea be lonely and his beckoning call

Now what is left in the company of fear
My face is wet yet I do not have tears
A landline is set and the signal is clear
So post to sunset, Atlantis is here

I'm gonna swim down
To find the shipwreck's crown
And with the glory of my palms and pride in my veins
Here on the water, can't hear the sirens

I'm gonna swim down
To find Atlantis Found
And with the story and my charm and the world under
wave, I could stay
Or I could just kiss you, or I could just kiss you

I used the golden pendant for light
I took a small pocket Swiss army knife
To cut these cords to free the doors of Atlantis

Oh, I'm gonna swim down
To find the shipwreck's crown
And with the glory of my palms and pride in my veins
Here on the water, can't hear the sirens

I'm gonna swim down
To find Atlantis Found
And with the story and my charm and the world under
wave, I could stay
Or I could just kiss you (under Atlantis) [x8]
