I packed my suitcase 'cause I'm going far away
I have a picture of your face
I packed my suitcase for my special holiday
And in it I put your heart [x2]

So bury me
Dismiss me from your memory
And cover my body in debris
And from me grows this lover's tree
There's nothing here to see
Forgive me darkstar
'Cause I love you
I think I took it too far
'Cause I love you

I got my alter-ego personality
I've only got myself to blame
I took my other side and tried to change its face
And for you I tried to change
And for you I had to change

So bury me
Dismiss me from your memory
And cover my body in debris
And from me grows this lover's tree
There's nothing here to see
Forgive me darkstar
'Cause I love you
I think I took it too far
'Cause I love you

We grow too fast
Now slow the pace
Now I want nothing but your face
And in this game you win the race
I lose out underground
In this cold world you are the warmth
You are the lightning of my storm
I've lost my dreams in which you won't come true

So bury me

Dismiss me from your memory
And cover my body in debris
And from me grows this lover's tree
There's nothing here to see
Forgive me darkstar
'Cause I love you
I think I took it too far
'Cause I love you
[x2]

In time you'll love me back but time will be too late
I packed a pistol just in case
My constant smiles at me and tells me it's okay
So f*ck the distance let's embrace
