Fall into flames and you won't do it again  
You've learnt a lesson you've never been taught so  
Crawl into blame that you will never reclaim  
It's a blessing that you'll never get caught, oh

But underneath we are golden  
Hold them, we made them  
Our hearts beat, control them  
They're too fast  
Too fast for me tonight

I've seen souls in spirit golden  
I've seen souls in spirit gold  
Now I've cleaned myself from that unsettling light  
It was too bright for me and the love of my life  
But if you capture me I'll be within your sight  
It was too bright for me  
It was too bright tonight

Before the insults and post the praise  
You are the subject of a sugarcoat crosshair  
During the shellshock of a crystal maze  
You are important at your opening funfair

However underneath we are golden  
So hold them, we saved them  
Our hearts beat, control them

They're too fast  
Too fast for me tonight

I've seen souls in spirit golden  
I've seen souls in spirit gold  
Now I've cleaned myself from that unsettling light  
It was too bright for me and the love of my life  
But if you capture me I'll be within your sight  
It was too bright for me  
It was too bright tonight

Here by a circus on this moonlit night  
With the lukewarm light  
It's not too frightening

Here by a settle at the starboard side  
If you only vouch for me  
On this golden night  
On this golden night

Oh my burning eyes see souls in spirit golden  
I've seen souls in spirit gold  
Now I've cleaned myself from that unsettling light  
It was too bright for me and the love of my life  
But if you capture me I'll be within your sight  
It was too bright for me  
It was too bright tonight
