I'll start my weekend
On Thursday night
And if you're keeping up
Then I'll keep up time
But don't be sleeping
Well, I won't mind
Seems there's more for me to get high

But no peeking
Because the play's shy
But no one likes a creeper
But I like your smile
Your drink is weaker
You got too much ice
You can't dance with me tonight

It don't get better than this...

'Cause you'll see it's
My way, my way
Or look the other way, the other way
'Cause it's my way, my way
Or look the other way

Oh, look you're, look you're, look you're ugly
You're just like me
But if you love me
In your country

Well it's my way, my way
Or look the other way, the other way

It don't get better than this...

You little weakling
It looks like you might die
But if you got a sheepskin
And a nine inch knife
And don't be keepin', keepin' up the wine
So there's more for us to get high

It's so deep in swimming in the river Nile
Your eyes are leaking
And you just want to run a mile
I'll bring the heat in
So you can stay a while
And you can dance with me tonight

It don't get better than this...

One day you'll see that it's
My way, my way
Or look the other way, the other way
'Cause it's my way, my way
Or look the other way

Oh, look you're, look you're, look you're ugly
You're just like me
But if you love me
In your country

Well it's my way, my way
Or look the other way, the other way

It don't get better than this

So believe me
If you leave me
Next time you see me
You'll be bleeding
So believe me
Don't look the other way [x7]

Well then you'll see that it's
My way, my way
Don't look the other way, the other way
'Cause it's my way, my way
Or look the other way

Oh, look you're, look you're, look you're ugly
You're just like me
But if you love me
In your country

Well it's my way, my way
Or look the other way, the other way

'Cause its my way, my way
Or look the other way, the other way
[x2]
