

I Blame Coco

My name is a stain absorbed into fabric
Just like a spill of a drink
Cause it will never wash off
But it always rubs off onto party guests
The kind I detest
Who may love you, before they have to confess
They don't know you, they never do
They don't know you, they never do

My name is a stain, my name is a stain
Stain
My name is a stain, my name is a stain

My name is Coco and here I am
Nice to meet you, shake my hand
Kiss on the cheek where I mark my brand
Forget my dad, you need to hear my band

My name is a stain, my name is a stain
Stain
My name is a stain, my family name

I wasn't meant to be an icon
I wasn't meant to be f*cking spied upon
I wasn't meant to be relied on

I was not named to be stain
I was not named to be blamed
Blamed
My name is a stain, my name is a stain
