If it's just me and you,
We can find something to use
Don't leave,
Or you'll wait for something funny to pass through
A stutter breaks my flow
Can't you see I've got to go
Goodbye, I love you, I was far too slow

If it's just me and you,
Well there's no need for something new
Just made my eyes change colour in the summer from
green to blue

You're just like my Ritalin
You'll always win
You could break my wings
Said I can't sing

If it's just me and you,
An awkward silence makes me lose
Another drink, my favorite brew will help me to confront
the truth
So why don't you jump into my brain,
Ride my bloodstream through my veins
Run your fingers through my mane

But we stood still and cried.
We wait 'till something dies
Our hopes and dreams will fly
And death itself stood by

Cause you're just like my Ritalin
See yeah babe, you always win
You could break my wings
And say I can't sing
Then I'll make your enemies cry,
You made me rhyme
If I turn back time, I would have made you mine

You're just like my Ritalin
See yeah babe, you always win

You could break my wings
Said I can't sing
