I don't know where to start
I don't know where to stop
Or if I've got the heart
I'm running out of the mixer of the past
So if you've got the farce
You could use it just to worsen my cause
But you ain't won me over

Imprisoner of conversation
No one stands my confrontation

Silencio, can we talk tomorrow?
Silencio, please?
Silencio, pay you for my damages
But for now you better let me leave

I don't know what to say
I don't know what to do
It's easier to hate
Than to believe the truth
So you can do the same
Enemies will populate

I don't know where to go
I don't know who to be
I'll be C.O C.O
I'll be you later...

Imprisoner of conversation
No one stands my confrontation
Imprisoner of conversation
No one stands my confrontation

Silencio, can we talk tomorrow?
Silencio, please?
Silencio, pay you for my damages
But for now you better let me leave

Imprisoner of conversation
No one stands my confrontation
Imprisoner of conversation

No one stands my confrontation

Silencio, can we talk tomorrow?

Silencio, please?

Silencio, pay you for my damages

But for now you better let me leave
